PLEASE NOTE

The times are minimum times. Depending on other complications (e. g. moist skin, soiled skin, risk of the procedure), application times should be increased. CIMOSKIN does not kill spores and is therefore not suitable for the storage of sterile instruments and syringes. CIMOSKIN is not suitable for disinfection of open wounds.

SAFETY

Flammable! Flash point 24°C. Keep away from sources of ignition! Store tightly sealed. If the solution is spilt, take prompt measures against fire and explosion. Suitable measures are, e. g. mopping up the spilt fluid and diluting with water, airing the room and removing sources of ignition. Store pharmaceutical materials out of reach of children. Do not use after the expiry date.

CONTRAINDICATIONS / ADVERSE EFFECTS

Cleaning your skin with CIMOSKIN may result in reddening of the skin and a slight burn. There are no known interactions.

COMPOSITION

100 g of the solution contains the active pharmaceutical ingredient: 62.8 g 2-propanol.

Other ingredients: purified water

Approved in Germany under the Drug Registration and Administration Act – Licence No. 1599.98.99

PRODUCT FORM AND PACKAGING

5 litre canister

Unit: 1 x 5 litre
Order No. 20568

1 litre Eurobottle

Unit: 10 x 1 litre
Order No. 20567

250 ml pump spray bottle

Unit: 9 x 250 ml
Order No. 20566

ACCESSORIES

Wall dispenser

for 1 litre Eurobottle
Order No. 80054

Hand dispenser

for 1 litre Eurobottle
Order No. 94787
